

INSTRUCTIONS FOR NEEDLEPOINT

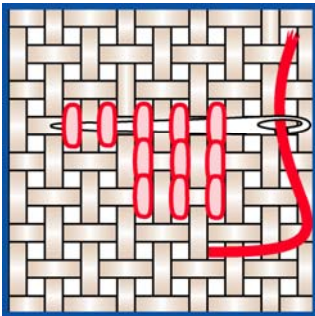

Needlepoint is also known as Tent Stitch or Petit Stitch. It can be worked both left to right or vice versa. The thread must always lie in the same direction and all stitches are straight on the reverse side of the material.

NEEDLEPOINT

Bring the needle out at 1 and insert at 2. Continue the sequence.

FINISHING OFF

To finish off your thread run the needle through the back of four or five stitches and trim the thread close to the cloth.
